

# HOW I DRAW GRUG – by Ted Prior

Use a pencil for steps 1 to 4.

1. Draw the Grug body shape. Note that the body is a little wider than it is high.

2. Draw the eyes and big nose as shown. Notice how wide between the eyes and how wide across the nose.

3. Draw the mouth and hands.

4. Draw the legs and toes.

5. Paint the stripes on Grug using watercolour or water based markers with a damp brush. One brown stripe in line with Grug's eyes, one brown stripe across Grug's middle and a narrow brown stripe at the bottom of the body.

6. Paint the flesh colour as shown. Rub out any pencil lines still showing.

7. Paint over the flesh colour with poster colour, or leave as watercolour.

8. Using a black art pen or black writing pen draw in the curved lines to get Grug's body shape. Outline the rest of the body. Draw extra ink lines over the brown stripes and legs.

## Make your own Grug party hat for your special day!

- 1) Asking an adult to help you, cut out the rectangle below along the red line.
- 2) Next, very carefully, use your scissors to cut along each black line in the pink area, stopping at the green section to make the feathery part of the hat. Don't cut them off though!
- 3) Roll the pink strips around a pencil to make them stick out.
- 4) Glue along the orange section and stick it to the other side of the hat to make a loop.
- 5) Finally, make two holes where the black dots are in the bottom green band of the hat and thread a piece of elastic through the holes and secure with two knots.
